PROFESSIONAL CAREER SUMMARY

Urban Planner and GIS Analyst with 2+ years of experience delivering geospatial analysis, master plan preparation, and feasibility support for national infrastructure, and climate-resilient development projects. Currently contributing to upazila-level master plan preparation at Sheltech Consultants (Pvt.) Ltd., with hands-on expertise in geodatabase management, urban suitability analysis, land use zoning, and planning report writing. Contributed to World Bank and GIZ-funded initiatives through technical mapping, environmental risk analysis, and data-driven reporting. Strong background in machine learning-integrated geospatial research with peer-reviewed publications.

CORE COMPETENCIES

GIS & Remote Sensing: ArcGIS Pro | QGIS | Google Earth Engine | Agisoft Metashape | Global Mapper | ENVI
Programming & Automation: Python (NumPy, Pandas, GeoPandas, Rasterio) | JavaScript (Leaflet) | R (ggplot2)
Data Analytics & Reporting: Power BI | Excel | GeoDa | SPSS | ArcGIS Dashboards | KoBo | Microsoft Project
Design & Mapping: AutoCAD | Sketchup | Adobe Illustrator | Canva

ACADEMIC CREDENTIALS

Khulna University of Engineering and Technology (KUET)

January 2020 – September 2025

Bachelor of Urban and Regional Planning

Khulna, Bangladesh

CGPA: **3.64** (out of 4.00)

Thesis Title: Machine learning based Soil Organic Carbon Prediction with Remote Sensing in Khulna District, BD

WORK EXPERIENCES (2 years and 9 months)

Assistant Urban Planner

April 2026 – Present

Sheltech Consultants (Pvt.) Ltd.

Dhaka, Bangladesh

Projects:

- Master Plan Preparation of 03 (Three) Upazila (Lalmai, Gowainghat, Monoharganj) under UTMIDP (**UMPP-2**)

Responsibilities:

- Developed and managed Geodatabase, provided key inputs for Structure plan, Urban & Rural Area Plan
- Conducted Urban Suitability analysis and performed landuse zoning to delineate potential development zones
- Creating different types of maps and writing reports synthesizing field data, spatial analysis, and planning

Junior GIS Analyst

October 2025 – March 2026

ZTENCO Limited

Dhaka, Bangladesh

Projects:

- Roadmap to Sustainable E-Mobility in Bangladesh (**GIZ-Trans2SMo Project**)
- Rural Electrification Access and Urban Rehabilitation Project in the Gambia, funded by the **World Bank**
- Electrification at Bhasanchar of Noakhali District under Host and Rohingya Enhancement of Lives Project (**HELP**)

Responsibilities:

- Prepared EOI, RFP, Technical Proposal, Inception report, Project Profile and Feasibility Study Report
- Performed GIS-based route and EV charging infrastructure mapping with multi-criteria suitability analysis
- Supported reporting, feasibility analysis and technical map preparation for national EV infrastructure planning
- Identified all overloaded distribution transformers using Google Earth Pro

Research Assistant

August 2023 – September 2025

Water, Environment and Climate Group (WECG)

KUET, Khulna, Bangladesh

Projects:

- Tropical Cyclone Induced Climate Risk and Adaptation in Bangladesh funded by **CRISES, MIT**
- Perceptions and behaviour towards climate change of rural households in coastal Bangladesh funded by **University of Heidelberg, Germany**

Responsibilities:

- Collected and analyzed soil and water samples to assess cyclone-induced salinity across coastal regions
- Conducted laboratory analysis and spatial trend mapping using kriging interpolation in ArcGIS
- Facilitated community workshops to co-design strategies for salinity mitigation and cyclone resilience

Intern

Rajshahi City Corporation (RCC)

October 2024

Rajshahi, Bangladesh

Project: DPP Formulation of Solid Waste Management Master Plan of RCC

Responsibilities:

- Supported preparation of master plan components including Gantt charts, log frames, and budget analyses
- Drafted risk mitigation strategies and disaster response frameworks for urban waste operations

RESEARCH EXPERIENCE

- Faisal, W., Sarkar, S. K., Huq, K. T., Noor, T. A., & Rafi, A. H. (2025). Machine Learning Integrated Approach for modeling crop production in Bangladesh. Smart Agricultural Technology, 101403. <https://doi.org/10.1016/j.atech.2025.101403>
- Sarkar, S., Haydar, M., Rudra, R.R. et al. A Topsoil Salinity Observatory for Arable Lands in Coastal Southwest Bangladesh. Sci Data 12, 1204 (2025). <https://doi.org/10.1038/s41597-025-05447-1>
- Climate Crisis and Food Security in Bangladesh: Utilizing Machine Learning in Geospatial Environment to Investigate Drought Tolerance of Major Crops [Submitted]
- Evaluating the impact of enhanced traffic signalization on microscopic vehicle emission reduction [Submitted]

PROJECT WORKS/UNPUBLISHED WORK

- Fuzzy Logic Modeling of Land Degradation Vulnerability Index (LDVI) for Coastal Bangladesh using ArcGIS
- Soil Salinity Mapping in Satkhira District using Sentinel-2A Imagery and Machine Learning Models
- Monitoring the Spatiotemporal Effects of Drought on Agriculture Under Climate Change in Bangladesh
- A PRA Approach to Community Resilience in Gaikur Village, Khulna using PRA tools and Geospatial Mapping
- Measuring Ecosystem service value through urban growth of Rangpur City, Bangladesh using LULC
- Evaluating the impact of bridge construction on the environment using remote sensing technology

TRAININGS AND CERTIFICATIONS

- Certificate Training on Geospatial Data Analysis & Management (Intermediate) under EDGE project, BIM, 2026
- MEAL Essentials Certificate, DisasterReady, 2026
- WASH foundational course, UNISEF, 2026
- Project Scheduling by Microsoft Project for Beginners, ZTENCO Limited, 2026
- Introduction to the Fundamentals of UAV data collection and Aerial Image Processing, PRC, 2023
- Machine Learning & Deep Learning in Python & R, Udemy, 2025

HONORS & ACHIEVEMENTS

- 1st Runner up, GIS Competition, Plannation 3.0 (National Urban and Regional Planning Fest), KUET
- Director of Training and Workshop, DISK- Design Integrated Society of KUET
- Assistant Organizing Secretary, URP Association of KUET
- Head of the Logistics & Food Management, Plannation 3.0, KUET
- Technical Education Scholarship KUET, Merit position in each year during the undergraduate program
- Bangladesh Government Scholarship, Primary, Junior, Secondary School Certificate Examination
